

### **BRANCHES ELIGIBLE-**

Open to all except Earth Science

### **CGPA CRITERIA-**

7

### **SELECTION PROCESS-**

#### **ROUND 1 - CODING ROUND**

First round was an hour-long online test which consisted of one-two coding questions and MCQs. The coding questions were based on the sliding window concept and the MCQs were on General Aptitude, Cloud, Networks, OOPs, OS, DBMS, Data Structure, Algorithms etc

#### **ROUND 2 - INTERVIEW ROUND**

The interview had four rounds, two Technical and two HR.

**Technical Interview:** - Some regular coding questions related to Data Structures and Algorithms were asked and some questions from core subjects like OOPs, trees and DFS/BFS, double DFS, DBMS, OS and a puzzle were also asked.

**HR Interview:** - It consisted of some ethical questions like if your teammate is in trouble, what will you do, discussion on strengths/weaknesses.
